DLI CRI Series
UV 150W DE

WARNING:
High-Intensity Ultraviolet Radiation Light

Turn Off UV Light Before Entering
UV Radiation Is Harmful To Skin And Eyes

DLI CRI – Series UV 150W DE technical specifications:

Electronic Driver	175W typical	UV-C <280nm	0.2%
Input voltage +/- 10%	208 - 347V	UV-B 280 – 315nm	0.3%
Current	0,9A@208V – 0,5A@347V	UV-A 315 – 400nm	24%
Inrush Current	< 30A	400-500nm	35%
Power factor	> 0.95	>500nm	40%
Frequency	50 / 60 Hz	Ambient temperature	0 - 35°C / 32 - 95°F
Dimming	No	Relative humidity	<70% (not condensating)
IP rating	IP20	Dimensions (LxWxH)	430 x 294 x 185 mm
Lamp	DLI UV 150W	Weight	5 kg
Lamp output	160 µmol	Country of production	The Netherlands
Lifetime lamp	see figure	Certification	CE, CSA, FCC part 18

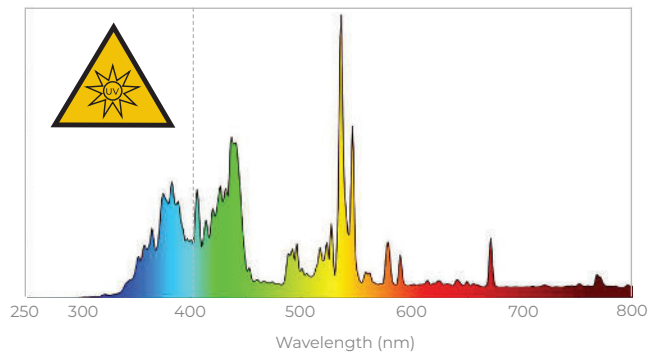

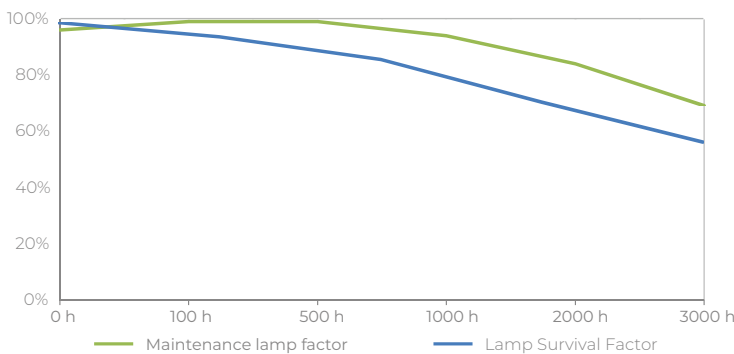

Note: Specifications are subject to change without prior notice or obligation on the part of the manufacturer.

UV-C Risk group 3

WARNING UV-C emitted from this product.
Avoid eye and skin exposure to unshielded product.
Follow installation instructions and user manual.

Warranty fixture: **3 years (lamp and reflector not included)**
Advice: **Replace lamp Each 2000 hrs**
